Hi Dan,

Would you send this information to Timothy Kiely, EAB Chief, for him to assign one of the BEAD economists, please?

Thanks, Colwell

The purpose of this meeting is to review Liphatech's request for a new use, California Ground Squirrels, a bean for which was sent to ERB2 on May 18, 2010; to determine if anything needs clarifying on the label; to establish if there are enough data to do a risk assessment, and to find out if we need anything else from the registrant.
